## Delta Booster Lances

The diagram will help you to select the required combination of water volume and pressure appropriate to your needs. The diagram illustrates the number of pumps

required to operate a particular lance. To establish the overall number of pumps to meet your requirements, simply add the specified values of each lance.

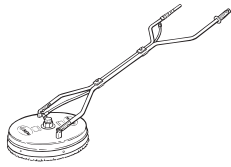

Lance	Desired pressure (bar)		Desired rating (water l/min.)		No of pumps required	
	120 bar/160 bar		120 bar/160 bar		120 bar/160 bar
